Comprehension:

Read the given passage carefully and answer the questions that follow.

Spending too much time indoors, especially on computers, can harm both your physical and mental health. Negative effects include anxiety, insomnia, and lower heart rate. Outdoor activities, like surfing and yoga retreats in Bali, offer many benefits.
They boost immunity by improving cardiovascular fitness and providing Vitamin D from sunlight, strengthening the immune system. Outdoor exercise also improves sleep quality by regulating your natural body clock, helping you feel more energized and focused. Outdoor activities reduce stress and anxiety without side effects by releasing feel-good hormones in fresh air. They also improve social skills by encouraging interaction with new people, increasing happiness and confidence. Water activities like surfing burn more fat because of water's resistance.
Overall, outdoor activities support your well-being. Taking time for a surf and yoga retreat helps you recharge and return refreshed.
